About Sports Challenge...
The CF Sports Challenge is a mini Olympic-style competition, where 10-person teams from corporations, businesses and professional groups, compete against each other in a series of fun, athletic events, on the field at TD Bank Ballpark, home of the Somerset Patriots.

Some of the events include:
The competition is followed by a great luncheon and awards ceremony.

The CF Sports Challenge is an excellent vehicle to access and network with a multitude of local groups. Participating groups will enhance their image with clients and other businesses as a community-minded, cause-conscious organization.

The Sports Challenge is also a great venue to entertain clients and corporate partners and bolster corporate morale among employees while supporting the mission of the Cystic Fibrosis Foundation.

Team Up With the Cystic Fibrosis Foundation!
Cystic fibrosis (CF) is a life-threatening genetic disease that primarily affects the lungs and digestive system. An estimated 30,000 children and adults in the United States (70,000 worldwide) have CF.

A nonprofit, donor-supported organization, the Cystic Fibrosis Foundation is the world’s leader in the search for a cure for CF. The Foundation funds lifesaving research and works to provide access to quality, specialized care and effective treatments for people with CF.

Nearly every CF drug available today was made possible because of Foundation support. Through its efforts, the life expectancy of a child with CF has doubled in the last 30 years, and research to find a cure is more promising than ever before.

The Cystic Fibrosis Foundation has unrestricted financial reserves of about 13 times its budgeted annual expenses, following a one-time royalty sale in 2014. These funds, along with the public’s continuing support, are needed to help accelerate our efforts to pursue a lifelong cure for this fatal disease, develop lifesaving new therapies and help all people with CF live full, productive lives. To request a copy of our Strategic Plan, email info@cff.org or call 800-FIGHT-CF.

To learn more about cystic fibrosis and the CF Foundation, visit: www.cff.org.

Important note on Attendance at Foundation Events: To reduce the risk of getting and spreading germs at CF Foundation-sponsored events, we ask that everyone follow basic best practices by regularly cleaning your hands with soap and water or with an alcohol-based hand gel, covering your cough or sneeze with a tissue or your inner elbow and maintaining a safe 6-foot distance from anyone with a cold or infection.

Medical evidence shows that germs may spread among people with CF through direct and indirect contact as well as through droplets that travel short distances when a person coughs or sneezes. These germs can lead to worsening symptoms and speed decline in lung function. To further help reduce the risk of cross-infection, the Foundation’s attendance policy recommends inviting only one person with CF to attend the indoor portion of a Foundation-sponsored event at a specific time. For the outdoor portion, the Foundation recommends that all people with CF maintain a safe 6-foot distance from each other at all times.
